UNION DEPOT GOES UP AT SECOND AND STATE

JOINT ACTION IN LAKE LEVEL SUIT IS ASKED

Blaine Appeals to Minnesota, Michigan and Indiana to Join in Badger Suit Against Illinois

PROPOSE CONFERENCE OF STATE ATTORNEYS GENERAL IN CHICAGO

Every City on Lakes Michigan and Superior Affected Says Appeal

MADISON, Wis.—By the Associated Press.—United action of Wisconsin, Minnesota, Michigan and Indiana against the state of Illinois and the Chicago sanitary district was proposed today by Governor J. A. Blaine and Attorney General Herman L. Ekern of Wisconsin, to prevent further illegal diversion of Lake Michigan water through the Chicago drainage canal.

In a message to Governors J. A. O. Pries of Minnesota, A. C. Groesbeck of Michigan, and Warren T. McCray of Indiana, the Wisconsin governor and attorney general invite the states they represent to join in the injunctive proceedings already started by Wisconsin before the United States supreme court to restrain Illinois from using lake water. They propose a conference of attorneys general to be held at Chicago March 19 for the purpose of considering joint prosecution of the action now pending.

Affects All Lake Ports

"The result of this action will affect every city on Lakes Michigan and Superior, and we invite your state to intervene joining with Wisconsin in asking an injunction from the United States supreme court restraining unlawful diversion of water from Lake Michigan," the message said. "We take the privilege of calling a conference of attorneys general of Michigan, Indiana, Minnesota, and Wisconsin to meet at Chicago March 19, at 10 a. m."

This action has resulted from the Great Lakes conference held last week at Manitowish, Wis. It followed a conference here Saturday night between Attorney General Ekern and Andrew Dougan, attorney general of Michigan, to consider the situation caused by the diversion of lake water through the Chicago canal.

Seek Agreement

The former announced intention of Governor Blaine to effect an agreement with the state of Illinois in order to end the legal controversy, if renounced by the stand taken. It dispels any belief that the Wisconsin suit before the supreme court will be dropped, as Governor Blaine formerly hinted might be the case, unless the other states refuse to join with Wisconsin.

Chicago is charged with lowering the level of Lake Michigan more than six inches by its diversion of water through the drainage canal. This reduction in depth is said to cause millions of dollars less in shipping each year and to affect the water supplies of some lake cities. Because of the use of this lake water to develop electric power for Chicago, the diversion has been called a gigantic water power "steal" by J. G. B. Mack, state chief engineer for Wisconsin.

Minnesota to Join

ST. PAUL, Minn.—Minnesota will join Wisconsin in a conference to be held in Chicago, March 19, called by Governor J. A. Blaine of that state, to discuss the suit now pending against the Chicago drainage district in the United States supreme court, Governor J. A. O. Pries announced Tuesday.

RT. REV. BRADY DIES IN HOSPITAL HERE ON MONDAY

Prominent Dubuque Churchman Expires in La Crosse After Lingered Illness

STARTED HIS CAREER IN LANSING WHEN A YOUNG MAN

Well Known in Catholic Church Circles in Iowa

Right Rev. Monsignor T. G. Brady, vicar general of the Archdiocese of Dubuque and pastor of St. Raphael's Cathedral in Dubuque, died Monday at St. Francis hospital, La Crosse, Wis. He was 47 years old.

Monsignor Brady was stricken about five years ago. He responded to treatment, however, and at times recovered sufficiently to pursue his duties as parish priest. About eighteen months ago, Monsignor Brady suffered a rather more serious attack and late in 1921 spent some time in a Milwaukee hospital. Returning to Dubuque he continued to suffer and last year went to Milwaukee a second time.

Goes to La Crosse

Shortly after the first of the year his condition caused him to seek relief at the St. Francis hospital, La Crosse. His strength sapped by long illness, he was unable to withstand the onslaughts of the disease, and he failed rapidly. For the last ten days he had been in a semi-conscious condition and attending physicians had apparently given up all hope of his recovery.

The remains were transferred to Lansing Monday afternoon, where they will lie in state at the church until Wednesday morning, when services will be held. Monsignor Haxmeier will read the mass. A speaker car containing members of the cathedral parish will leave Dubuque early Wednesday morning and arrive in Lansing in time for the services. The parishioners will accompany the remains to Dubuque, arriving there about four o'clock in the afternoon.

Arriving in Dubuque, the body will be taken to the chapel of the cathedral, where it will lie in state until the funeral services.

His Grace, Archbishop J. J. Keane, will deliver the funeral service at nine o'clock Thursday morning and will also give the final absolution. Bishop T. W. Drumm, of Des Moines, close friend of Monsignor Brady, will probably officiate in some capacity at the mass Thursday. Burial will be in Mt. Olivet.

Father Brady was born in Houston county, Minnesota, near New Albion in Allamakee township, where his father, Dennis Brady, and his mother, Mary Carley, still reside.

The first five years of Monsignor Brady's life were spent with his parents on the farm in Minnesota. Then he went to Lansing where the Right Rev. G. L. Haxmeier, whose protege he was until his ordination to the priesthood, was pastor of the Catholic church.

In September, 1891, Father Brady commenced study for the priesthood, enrolling at St. Lawrence College, Mt. Calvary, Wis., where he studied the classics. The school was conducted by the Capuchin fathers. After four years of work there, he went to Dubuque. His philosophy was taken at Columbia College, then St. Joseph's. Completing the two-year course at the Dubuque institution, he entered Grand Seminary, Montreal, where he pursued his theological course.

Ordained in 1901

On June 30, 1901, he was ordained a priest by Bishop Bruchsi, of Montreal. Ordained for assignment in the archdiocese of Dubuque, Father Brady returned to Lansing, where, on July 4 of the same year, he read his first mass in the church of which his benefactor, Father Haxmeier, was still pastor.

In November, 1901, Father Brady received his first assignment from the late Archbishop John J. Keane, to the parish of St. Theresa at La Motte in Dubuque county.

His success at La Motte brought him an appointment from the archbishop in November, 1907, to a large parish at Dorchester, Iowa. Here a beautiful stone rectory stands as a monument to his untiring zeal. He served at Dorchester for about five years, going from there to Calmar. Here he remained only a few months. In the meantime, Archbishop John J. Keane had passed away.

The new archbishop, having heard of the unusual accomplishments of the young pastor, called him to Dubuque, where he assumed the pastorate of St. Raphael's Cathedral, Dubuque's largest parish. He took his work here in April, 1912, and served in that capacity until his death.

After five years of faithful service at the cathedral, Father Brady was appointed bishop of Baker City, Ore., which honor he declined. On January 20, 1919, he received and accepted the post of vicar general of the archdiocese, which position he also held until his death.

FINANCE COMMITTEE TO CUT RATE SCHEDULES PROPOSED IN DAHL INCOME TAX BILL

MADISON, Wis.—By the Associated Press.—The joint committee on finance of the legislature will make a marked reduction in the rates carried by the Dahl general income tax bill, it was learned Tuesday. This reduction is expected to be made in the schedules on incomes over \$5,000.

Action of the assembly in lowering exemptions to their present level of \$1200 for married persons, \$500 for single individuals, and \$200 for each child, will add approximately \$750,000 to the revenue raised by the proposal and will mean a consequent reduction in its rates.

Members of the committee say that in addition the schedule of rates may be cut to make up for the larger return from the tax which is expected as a result of the business revival.

The finance committee is expected to go into executive session on both the Severson and Dahl tax bills, during the next two weeks. Their report on the two proposals will put them finally before the session to be acted on.

WELCOME PLANNED BY MERCHANTS FOR VISITING TEACHERS

Autos to Meet Trains to Transport Convention Delegates to Hotels or Normal School

BOUQUET TO BE PRESENTED TO EACH TEACHER AT MEET

Prizes Offered High Students for Best Spring Opening Posters

A NUMBER of pleasant surprises are in store for the members of the Western Wisconsin Teachers' association, which holds its eighteenth annual convention in La Crosse on March 15, 16 and 17, and these surprises were planned at a meeting of the merchants' bureau of the Chamber of Commerce at a dinner-meeting Monday evening.

In the first place the merchants will have automobiles at the railroad stations to meet all trains on which teachers will be arriving for the convention. The cars will be marked with signs prominently displayed notifying the teachers that the cars are at their disposal to take them to their hotels, private homes or to the Normal school. Scout Burgess, Harry Burrows, chairman of the bureau and president of the meeting, announced, would have boys seats at the stations to assist the school teachers in carrying their luggage.

Bouquets for Teachers

Carl E. Schaefer, superintendent of greenhouses of the John A. Salzer Seed company, showed the bureau members four sample bouquets, which he would have made up at absolute cost and delivered to the Normal school, where the merchants would distribute a bouquet to each visiting teacher. It was left to a committee to select the particular bouquet to be chosen and given out. A striking bouquet was the one with the rose for the center flower, but many seemed to think the one with a daffodil lifting its petal head above the rest was THE bouquet for the visitors.

The La Crosse Posters service notified the bureau that it would offer for these prizes \$5, \$10 and \$20 to La Crosse high school for the three best posters, combining the merchants' spring opening and the teachers' convention, the posters to be placed in the windows of all business houses.

Additional plans for the spring opening of La Crosse stores also were discussed. Two new members, Mr. Clark, manager of the McClellan Stores company, and Mr. Schofield, manager of the Kinney Shoe company store, were introduced to the other members of the bureau.

Verhulst Tells of Legislation

J. K. Verhulst, of Barron's, told of his visit to the legislature recently when the Huber, Dahl and Severson bills were being discussed. Business men are interested in these measures, Mr. Verhulst said, because they relate to employment, income taxes and the repeal of the secrecy clause regarding income tax statements. Mr. Verhulst asserted that "business men had little show with the socialist element that is controlling the legislature" and that lobbyists appearing before committees in the interests of business men were given short hearings.

NOMINATION PAPERS FOR ALL OFFICES PLACED ON FILE

Nomination of J. B. Murray Completes Setting for Three-Cornered Mayoralty Race

CONTEST ON FOR BOTH POLICE JUSTICE AND CITY TREASURER

Four Aldermanic Candidates up in Twentieth Ward

A THREE-CORNERED fight in the mayoralty race, two candidates each in the city treasurer and police justice berths, will mark the only contests in the more important offices at the spring elections, according to announcement following the filing of all papers on Monday.

For the first time since 1917, when four candidates were in the field, there is this year more than two men up for election to the office of mayor. The recent nomination of James B. Murray, in addition to Arthur A. Bentley, present incumbent, and J. J. Verchota, completed the setting for the three-cornered fight.

J. Geo. Schweizer, present incumbent, and Fred Schnell, are up for election for city treasurer.

At the primaries in 1917, Arthur A. Bentley, Paul W. Mahoney, Sven Svensen and Orl Sorenson were up for election in the mayoralty race.

In the aldermanic race, the twentieth ward, with four candidates, leads the field in the number of men in the race. In the respective wards, the Twenty-first and Fifteenth wards each have three candidates in the running, while the Fourteenth, Sixteenth, Eighteenth and Nineteenth wards each have two candidates. Alderman Funk of the Fourteenth ward has dropped from the running. M. P. Murphy and Frank E. Smith, being in the race.

The complete list of candidates follows:

Mayor—Arthur A. Bentley, James B. Murray, Joseph A. Verchota.

City Treasurer—Fred Schnell, J. Geo. Schweizer.

City Commissioners—Joseph J. Frisch, Comptroller—William J. Pries.

Justice of the Peace for the city at large—Clinton W. Hunt, Harry W. Robinson.

First ward—Supervisor, John L. Ash; Constable, John L. Lyons.

Fourth ward—Supervisor, George E. Schaefer.

Third ward—Supervisor, Theodore Heidemann, Adolph J. Schaefer, Justice of the Peace, J. Weber.

Fourth ward—Supervisor, Otto S. Aronson, Charles A. Roschinsky, Justice of the Peace, J. Weber.

Fifth ward—Supervisor, William J. Koepke.

Sixth ward—Supervisor, Claude K. Pettit, William C. Streib; Constable, Louis B. Omerberg.

Seventh ward—Supervisor, August H. Davis.

Eighth ward—Supervisor, Wenzel E. Lapitz; Constable, Frank Bender; Justice of the Peace, Anthony M. Redmond.

Ninth ward—Supervisor, Lars J. Stenstrom, Barney Olsen.

Tenth ward—Supervisor, Earl G. Stutz; Constable, Jewett Bakula.

Eleventh ward—Alderman, William P. Roeding; Supervisor, Emil W. Guenther; Constable, Frank E. Smith.

Twelfth ward—Alderman, Charles F. Stenstrom; Supervisor, Caspar Johnson; Constable, Theodore H. Marshall; Justice of the Peace, Anthony M. Redmond.

Thirteenth ward—Alderman, Henry Eriksen; Supervisor, Thomas H. McGovern; John S. Platz.

Fourteenth ward—Alderman, Michael P. Murphy, Frank E. Smith; Supervisor, Joseph H. Schubert.

Fifteenth ward—Alderman, Michael J. Lawler, Walter J. Rice, C. R. (H) West; Supervisor, George W. Young, Mathias John L. Hoyer.

Sixteenth ward—Alderman, Leonard J. Kilian, Frank L. Koppelberger; Supervisor, Fred L. Goddard.

Eighteenth ward—Alderman, Charles H. Collins; Supervisor, John Kinley, Mathias N. Spah.

Nineteenth ward—Alderman, Charles J. Wright, Nicholas P. Werel; Supervisor, Emil W. Kabat.

Twentieth ward—Alderman, Walter J. Blaesch, Jack Heiser, Jasper M. Knox, Edward A. Sticker; Supervisor, Andrew C. Kayler, Elmer A. Swanson; Justice of the Peace, Edward T. Doherty.

Sixty-first ward—Alderman, George J. Krisker, Frank J. Manning, Peter Muenzenberger; Supervisor, Ernest Gess, Jr., John Zahn, Jr.

HARDING EAGERLY GREETED HIS FIRST DAY OF VACATION

President Gets His Golf Clubs Ready for Game at Ormond Tuesday Afternoon

EXECUTIVE GREETED BY RAIL WORKERS AT ROCKY MOUNT

Inquires Into Conditions in Former Strike Center

ON BOARD PRESIDENT HARDING'S TRAIN NEAR SAVANNAH, Ga.—The visions of rest and freedom from wearing official duties, which President Harding has had for months, Tuesday became real.

The chief executive, with Mrs. Harding and more than a half dozen friends, awoke Tuesday morning near the border of Florida where for a month he will endeavor to find relaxation after a year of steady attention to the international and domestic problems of the nation.

Evidence that the president was looking forward eagerly to a vacation have been apparent to those of his party ever since the departure Monday at noon from Washington. As the special drew near Ormond, the first stopping place on the trip, his eagerness grew.

Prepare for Golf

Preparations for making the most of the vacation began early Tuesday. Golf clubs were brought forward and the conversation turned to the relative merits of the golf courses in the dozen or so Florida east coast resorts where the presidential party will stop.

Availing the executive and his party with the exception of the secretary of war and Mrs. Weeks, who plan to leave the train at St. Augustine, was the household of Edward E. McLean, of the Washington publisher who with Mrs. McLean will act as hosts during a trip down the Indian and Halifax rivers. A game of golf has been arranged as the first feature of the president's vacation on reaching Ormond about mid-day.

During a stop at Rocky Mount, N. C., Monday evening, the president was greeted by several hundred employees of the Atlantic Coast Line railroad, and their families, and his first questions were as to conditions in the railroad industry.

Davis Gets Applause

Rocky Mount was one of the storm centers in last summer's rail strike and Mr. Harding wanted to know how things were going with the men. They assured him that all now was well, and when Secretary of Labor Davis appeared on the platform and was applauded by the president, the head of the labor department got a round of applause.

The president also wanted to know about cotton prices and the condition of affairs among the cotton planters and the cotton mill owners and employees.

"Have you any boll weevils down here?" he asked.

"You bet, we have boll weevils and also corn blight," spoke up a man in the back of the crowd.

"You know you are not supposed to have any of the latter," the president responded. "And I guess there is not as much of it as there is talk about it."

Davis Joins Party

ST. AUGUSTINE, Fla.—The presidential special conveying President and Mrs. Harding and party to Ormond, stopped here at 10 o'clock today to leave Secretary and Mrs. Weeks in the city and to allow Charles G. Davis to board the train. Mrs. Harding appeared on the rear platform for the first time during the trip, and was greeted by genuine Florida sunshine and the genial humor of ex-Senator Chauncey Depew, Secretary and Mrs. Weeks will remain in the city until the return of the presidential party to St. Augustine on March 19 or 20.

RAILROAD COMMISSION HANDS DOWN DECISION DESIGNATING A LOCATION

LONG FIGHT FOR A UNION STATION IS FINALLY WON

Railroad Commission Considers Case for Long Time Before Rendering Decision

FIGHT STARTED BY CHAMBER OF COMMERCE SIX YEARS AGO

Had Backing of all Civic Bodies Except City Council

SIX years have been occupied thus far in the fight to obtain a union depot for La Crosse.

The movement was started the day after the Milwaukee depot at Second and Vine streets burned in 1916, and has been carried on more or less actively ever since by the leading civic organizations of the city. The Chamber of Commerce featured as the leader of the fight, being indorsed by the following societies: La Crosse County Community Council, Progressive League, La Crosse Women's club, United Commercial Travelers, Citizens' Co-operative league, Catholic Women's league, Twentieth Century club, Hogan School P. T. A., Webster School P. T. A., Washington School P. T. A., Hamilton School P. T. A., Trades and Labor Council, Kiwanis, Lions and Rotary clubs. The city council indorsed the petition for a union station at one of their meetings, and later reversed their action.

There has been talk of a union station in the city for at least twenty years, and when the old Cameron House and C. M. & St. P. depot burned in December, 1916, the time seemed ripe for a union of the various stations, and active work to bring about such a project was undertaken at once.

C. of C. Takes Action

No action being taken on the matter by the common council, a communication was addressed to the mayor by the Chamber of Commerce and presented to the council on February 9, 1917. The mayor appointed a special committee to consider the matter.

The railroads refused to consider the union depot proposition, and on April 13, 1917, the special committee of the common council reported favorably on the question, but when it came to a vote in the council, the vote was tied, and the mayor cast the deciding negative vote.

The Chamber of Commerce then took the matter upon itself and filed a petition with the railroad commission. A little later the matter again was brought before the council, and this time, on October 12, 1917, after an entire evening of discussion, the council indorsed the Chamber of Commerce's action by a vote of 13 to 0. This was later reversed, and thereafter the council would have nothing whatever to do with the union station question.

Forgotten During War

The country was at that time engaged in the war, and all of the interests of the people were absorbed in its activities. Before the end of 1917 the railroads were taken over by the federal government and held for more than two years. Ownership was returned to private hands by the act of October 3, 1918, and proceedings were revived and two hearings were held during that year. At the first, held on June 1, the case of the petitioners was presented, and at the second, the railroad companies presented many estimates of costs of tracks, buildings etc.

The decision was delayed for some time by tacit consent, for two reasons; first, because the railroads were struggling with adverse conditions and were not in condition to enter upon any building operations; second, because all prices were at the peak during the fall and winter of 1917, and building prices were almost prohibitive during the year of 1921.

Final Hearing

With the approach of business closer to normal, both with the railroads and with the building trades, the petition was taken up again. The final hearing was held by the commission on May 4, 1922, and the decision of the commission ordering the railroad companies to submit plans for the erection of a union station here was handed down July 28, 1922. Since that time the commission has been considering the plans and estimates submitted by the companies.

OVER A YEAR IS GIVEN TO MAKE PLANS

June 30, 1924 is Time Limit Allowed for the Completion of the Plans and Specifications

DECISION IS RESULT OF SURVEY OF FOUR SITES BY COMMISSION

Causeway Locations Rejected in Favor of Site in the Business District

A union depot for the city of La Crosse was today ordered by the Railroad Commission of Wisconsin to be erected at Second and State streets, with the main entrance in the west half of block eighteen, being the half block east of Second street.

Under the ruling of the state board the union station is to front on State street, and the station tracks are to lie north and west of the main entrance.

The railroad companies are given until June 30, 1924, to submit plans for the union depot. The depot must be completed by June 30, 1928.

The state board, in its final decision, rejects the causeway sites proposed for the union station because of the large expense involved on the part of the railroad companies.

Under the plan evolved by the Railroad Commission, all trains will run into the union station on the Burlington tracks.

Must Clear Site

The interpretation placed upon the order is that the half block of buildings lying east of Second street and between State and Vine streets will be removed to make room for the union station. Contamination proceedings will be required to clear the half block in all probability. It is probable too that the half block north of Vine street extending to Pine street will also be required for trackage. The decision of the commission is not clear on this point.

Following is the complete decision of the railroad commission:

"Chamber of Commerce of La Crosse, vs. Chicago, Milwaukee & St. Paul Railway company, Chicago & Northwestern Railway company, Chicago, Burlington & Quincy Railway company, Green Bay & Western Railway company, La Crosse & Southeastern Railway company.

"An order was entered in the above entitled matter on July 20, 1922, requiring the construction, maintenance and use of a union passenger depot in the city of La Crosse, but leaving the location of such union depot open for determination within 90 days by the railroad companies involved subject to the approval of this commission.

"No such determination having been made, another order was entered on October 31, 1922, suspending the order of July 28, 1922, for the purpose of reaffirming the same at a subsequent date and at that time designating the location for such union passenger depot.

"Reference is now made to those two orders and statements therein contained will not now be repeated.

Last Order Made

"After consideration of all the evidence and of the various information furnished and correspondence with various citizens of La Crosse both individually and collectively, this commission reaffirms its opinion, expressed in the order of July 28, 1922, and finds that it is practicable, and that public convenience and necessity require the construction, maintenance and use of a union passenger depot in the city of La Crosse by the respondent railroads and expresses its further opinions:

"1. Either of the causeway sites (Nolan and Woods plans) would best serve the civic pride and meet the wishes of the petitioner and probably a majority of the citizens of the city of La Crosse.

"2. No sites, other than those causeway sites, north of a line extending east from the mouth of the La Crosse river would be acceptable to those same persons.

"3. Either of the causeway sites would put upon the respondent railroads (Continued on page six)

ART DEAL, JOE ABLE AND C. B. MILLS FACE CHARGE OF ASSAULT

Art Deal, C. R. Mills and Joseph Able, head and employees of the Deal Taxi company, were arraigned in county court Monday on charges of assault with intent to do great bodily harm. Charges were preferred by John Minkewitz, who claims he was beaten in the Deal garage when he asked to be driven to the police station to straighten out a taxicab bill for a ride back to town from Wildwood Inn. All three entered pleas of not guilty through their lawyer, F. E. Withrow. District Attorney Gordon agreed to an adjournment of the case until March 15.

SEVERSON SECRECY CLAUSE BILL TODAY APPROVED BY SENATE

MADISON, Wis.—By the Associated Press.—The Wisconsin senate voted 17 to 8 Tuesday to pass the Severson bill wiping out the secrecy clause to the state income tax law, carrying out the mandate which administration senators claimed had been given by the people at the last election.

With this measure now finally disposed of in the upper house, it goes to the assembly for concurrence. Final passage can be definitely predicted, by a large vote in the lower house. When that occurs the principal campaign issue of the last election will have been carried successfully through the legislature.

SOLONS TO VISIT MICHIGAN "U" AS GUESTS OF ALUMNI

Legislators Accept Invitation to Go to Ann Arbor to Look Over University's Needs

LANSING, Mich. Members of the Michigan legislature are to visit Ann Arbor in a body as the guests of the University of Michigan alumni. This was decided Monday night after a stormy session of the senate at which some members strenuously opposed acceptance of the invitation, on the ground that the interested individuals should not be permitted to foot the bill. There was virtually no opposition in the house.

Two days probably will be spent at Ann Arbor, prior to consideration of the university building appropriation bill, which was introduced in the house by Representative Tibbo. Kalamazoo, chairman of the university committee.

The measure calls for \$3,507,600 for the fiscal year ending June 30, 1921, and \$2,650,000 for the following year. The largest item is \$2,200,000 for completing the university hospital.

The senate passed an amendment to the marriage laws to prohibit marriage with an inmate of a state institution, and a bill to permit banks to invest in farm loan bonds issued by federal land banks.

A tonnage tax on fishing vessels is proposed in a bill introduced by Senator Perry. The minimum tax would be \$5 and would apply to tags of not more than five tons. The maximum would be \$50. Higher rates are provided for vessels operated in Michigan waters by non-residents of the state.

FACULTY SPARK PLUG LANDS AUTOIST, RUM IN JAIL

KENOSHA, Wis. Joseph Carey, a Chicagoan, came to grief here when he pulled his Ford coupe at a garage because of a faculty spark plug. It happened that Deputy Sheriff Steve Robinson was at the garage, and Carey acted so strangely that he aroused the officer's suspicions. A search of the car revealed 24 pints of alcohol.

"Moving it to my summer cottage," said Carey.

"Tell that to the judge," said Robinson.

Judge Slater said \$500 and costs and the car confiscated when Carey pleaded guilty to transporting liquor.

BAD "FICTION TASTE" FOR MAN TO KILL A WOMAN

CHICAGO. According to Franklin Stevenson, professor of contemporary literature at the Panu university, speaking before the Illinois Society of Press Writers, a woman has a perfect right to kill a man in fiction, but it is strictly "poor taste" to have a man character kill a woman.

Professor Stevenson was discussing "The Modern Short Story."

"Male fiction characters should be too broad minded to kill women," he said.

NEW PLAN OF STATE AID FOR FAIRS IS SOUGHT BY SOLONS

Increasing Number of County Expositions Makes Readjustment Necessary

MADISON, Wis. Because of an increasing number of county fairs in Wisconsin, the joint finance committee of the legislature proposes to work out a new plan of apportioning state aid.

Upwards of a quarter of a million dollars is given annually by the state for the support of local fairs. Under a law passed many years ago, eighty per cent of the premiums offered by county fairs is paid by the state.

Introduction of a bill for increasing the amount of state aid of fairs in certain counties in northwestern Wisconsin brought out the fact that several smaller fairs have so arranged their premium schedules as to collect

the maximum of \$3,000 for state aid in a single year. Following this discovery a bill was introduced in the legislature providing \$500 state aid for community fairs. This bill would cost the state an additional \$200,000.

Aroused by the increasing demands for help, Assemblyman D. J. Summer, vice, A. J. Miller and other legislators are conferring on plans to work out a new apportionment for state aid. One of the ideas under consideration is to allow a premium aid of 50 per cent, of which one-half would be paid by the county and one-half by the state. This latter proposal would have a two-fold effect in that it would result in decreasing the number of local fairs in each county and would perfectly limit the amount of aid which the county would grant.

WOMAN'S BODY IS FOUND BURIED IN DESERT SANDS

RIVERSIDE, Cal. The unidentified body of a woman was found half buried in the desert sands, miles

from any house or road, between Meccax and Blythe.

Cow punchers taking a short cut across the desert discovered the body and reported it to officials here.

Authorities were working on a tip the woman was murdered on December 22, but would not reveal information in their possession.

This is the second murder mystery in a month revealed by the shifting sands of the waste lands.

The body of Leslie L. Nichols, insurance agent, was found in the same section after two youths confessed to killing him.

In the last six months of 1921, there were 6,503 suicide cases in the United States.

A Baby Carriage That Is Also a Stroller

The only carriage woven in desired shape from one end, less racker strand.

Don't accept a substitute. Find the Lloyd name-plate on the seat.

This new Lloydaleet combines the carriage which baby needs at first with the stroller which he requires later on. It is wide and roomy, yet lighter and smaller than any baby carriage made and easier to handle.

Woven on the wonderful Lloyd Loom—of one fine, endless wicker strand. This remarkable loom—the invention of Marshall B. Lloyd—weaves thirty times faster than human hands. Therefore, beautiful Lloydaleets can be bought for a lower price than has ever before been asked for a baby carriage of similar quality.

Ask your dealer to show you Lloydaleets.

GUARD BILLS UP IN SENATE WEDNESDAY FOR FINAL ACTION

Senate Expected to Vote to Keep
Guard But Will Urge Re-
duced Appropriation

ISSUE TO BE BROUGHT INTO
NEXT ELECTION BY SOCIALISTS

Oppose Guard as the Agency of
Militarism

MADISON, Wis.—Whether the Wisconsin National Guard is an agency of militarism or a protection to the state against the building of a large national army will be officially decided in the state senate Wednesday morning. The proposed bill for the abolition of the National Guard and the Hersh bill for reducing the appropriation to the guard have been placed on Wednesday afternoon in the upper house for final action.

What at first looked like a movement of little consequence in the legislature has grown to be an issue of preeminent importance. The La Follette family has been at it ever since the issue. Sen. La Follette has taken the position that the guard should be maintained. Mrs. La Follette has taken the opposite position. She has been joined by other women. Mrs. La Follette is asking that the guard be abolished as an agency to militarism. Mrs. La Follette, the noted Wisconsin author, Mrs. Charles D. Ross, wife of Judge Ross of the Wisconsin tax commission and Miss Ada James of the Wisconsin Progressive League of Women.

Governor Blaine sent a special message to the legislature last week saying that the guard be retained. He pointed out that it could operate on a much cheaper scale and in a smaller membership. The Progressive faction in the legislature has been almost evenly divided in the matter. The senate passed the bill for abolition by a vote of 14 to 14. If the bill were to come back to the assembly for further action there would be little probability of its passage.

Final determination of the issue rests with the state senate on Wednesday. Both the bills are up for consideration. There is every indication that the progressive conference which has been called for Tuesday evening will vote in favor of retaining the guard, but will express a desire for a greatly reduced appropriation. This conference of state senators, called for 8 o'clock, expects to discuss the entire time to considering the National Guard question. Senator H. A. Huber is of the opinion that the vote for retaining the National Guard will be large but that there will be an equal

by large vote in reducing the guard to a mere war basis. It is reported here that if the legislature fails to abolish the guard that the Socialists will make this an issue in the coming campaign. The Socialists believe that the guard is but an agency of militarism and has voted solidly for the complete abolition and eradication of the guard. When the bill was originally introduced leaders in the socialist party did not believe that the bill would pass the house but wanted to make the record vote on the subject. The vote for the abolition of the guard came as a complete surprise to guard members all over the state. It is now believed that Gov. Blaine will not appoint a new adjutant general until the entire guard situation in Wisconsin has been settled. The policy which the legislature will fix will have much influence in the selecting a new adjutant general.

There is one bill, however, that may be passed by the legislature touching on the subject of militarism. This is the Sutherland bill which provides that military training at the University of Wisconsin shall be optional. At the present time there are upwards of 700 students taking the training. It is claimed that if this is passed this will be reduced to less than 200.

STATE OWES MONEY TO TWO
OF WISCONSIN'S COUNTIES

Offset Greater than Tax Assessed
and State Pays Difference

MADISON, Wis.—By The Associated Press.—Instead of paying taxes for the support of the state government, two Wisconsin counties, Eau Claire and Marinette, are being paid for their connection with the state. Solomon Levitan, state treasurer, disclosed Tuesday.

He reported that the amount of aid provided under the statutes, reduced in a situation where the state government owed Marinette county \$9,050.25 and Eau Claire county \$5,564.02. Checks covering the amount were mailed to the county treasurers Tuesday by Mr. Levitan.

The total state tax for 1923 amounts to \$6,110,080, his report shows. In addition to this amount the state collects no special charges amounts of charitable and penal institutions amounting to \$332,463 and special charges of the tax commission amounting to \$12,072. It bonded to counties for school purposes \$916,850 and for special purposes \$124,109.

This makes a total amount to be collected of \$8,005,596. In the payment of state taxes the state allows the counties to use as offsets the money appropriated under the stat-

utes amounting to \$3,091,464 for school purposes, \$967,150 for charitable and penal institutions and \$208,297 for county institutions. As a result the amount of cash actually paid to the treasurer is \$2,663,821.

Marquette county has a total tax of \$1,277,478, and offset this with \$812,080 leaving but \$465,398 actually paid.

Brown county has a total tax of \$165,669, an offset of \$107,910, and paid \$57,759 in cash.

Chippewa Falls has a total tax of \$99,897, an offset of \$72,203, paying \$27,694 in cash.

Dane county's total tax was \$402,809 and its offset of \$14,970, leaving \$287,839 to be paid in cash.

Douglas county had a total tax of \$152,803, an offset of \$98,626 and a cash tax of \$54,177.

Eau Claire county had a total tax of \$96,726, an offset of \$492,290, leaving \$1,564 to be paid to the county by the state.

Kenosha county had a total tax of \$147,011, an offset of \$67,148 and a cash tax of \$80,863.

The La Crosse county tax was \$160,832, the offset of \$95,358 and the cash tax of \$14,493.

Manitowish county had a total tax of \$137,039, an offset of \$105,110 and a cash tax of \$32,590.

Marathon county had a total tax of \$161,808, an offset of \$144,272 and a cash tax of \$17,536.

Marquette county had a total tax of \$74,760, with an offset of \$93,810, which left the state owing the county \$19,050.

Outagamie county had a total tax of \$137,013, an offset of \$103,903 and a cash tax of \$33,110.

Rock county had a total tax of \$227,556, an offset of \$113,756 and a total tax of \$113,779.

Rock county had a total tax of \$214,007, an offset of \$81,827, leaving a cash tax of \$132,210.

Shoshone county had a total tax of \$179,751, an offset of \$94,540 and a cash tax of \$85,211.

White County had a total tax of \$158,250, an offset of \$118,372 and a total tax of \$40,577.

O'BRIEN'S PLAY IS CALLED A NOVELTY

A theatrical treat of generous proportions is in store for local playgoers and picture fans when "Steve" a new play of the romantic and picturesque type in three acts by Robert L. Dempster, will be presented at the La Crosse Theater Sat., matinee and night, Mar. 17 with Eugene O'Brien, the famous stage and picture star in the title role.

Not only will the personal appearance of such a celebrity as Eugene O'Brien be a most unusual occasion in this city, but the play will be of particular appeal to theater patrons who lament the absence of novelties on the stage. These will find "Steve" the charming romance and delight of their theatergoing careers.

MEMBERS OF GUARD GIVEN CHANCE AT U. S. ARMY PLACE

MADISON, Wis.—Members of the Wisconsin National guard are offered an opportunity to take an examination for a commission as second lieutenant in the combatant branch of the army, the quartermaster corps, ordnance department, chemical warfare service and finance department. The adjutant general announced Tuesday. Applicants for positions must be between the ages of 21 and 30 and citizens of the United States. Those desiring to take the examination should apply to the commanding general, sixth corps area, Chicago, or to the adjutant general of the army, Washington, D. C.

Final examinations will be taken June 25 according to Col. Byron Rev-eridge, inspector general of the state guard. He announced that the adjutant general's office here would be glad to assist members of the guard desiring to try for the army commission.

Coronet Hats \$10

ONE OF NEW YORK'S best known designers has conceived the idea of producing the finest Hat that can be made to retail at \$10, and of selecting one of the most prominent shops in each city as the exclusive representative of his Hats—the Coronet Hats. KRUSE'S was chosen in La Crosse and will have the exclusive sale of the famous Coronet Hats. These Hats are copies of fine French creations; new models are created each week, and once a week a new shipment will be sent to KRUSE'S, thereby giving La Crosse women unusual advantages in seeing the new as soon as it is produced. The CORONET HATS at \$10 are truly wonderful values, and under other plans of merchandising would really sell from \$15 to \$25.

NORMA TALMADGE'S Manners

By Norma Talmadge

© 1923 by NEA Service, Inc.

Politeness and poise go hand in hand. Gentility is as necessary on the street as in the drawing room. More so, for the street is the world and the wife are watching you. The stranger in today's crowd may be your associate in tomorrow's affairs. Every opportunity to create a good impression can be converted into life's greatest asset, good will.

Manners are acquired more easily than money, and are much more essential to social success. The first medium of social intercourse is speech; hence it must be regarded as of first importance. A man rises or falls with his own words. The tone of his voice, the quality of his laughter, the choice of his words conspire to reveal his character. Think before you speak!

IN CONVERSATION

1. The man or woman who wishes to converse agreeably must first learn to listen politely.

2. One refrains from interrupting the speech of another, regardless of what wonderful idea may be ready to burst from his own lips.

3. One never expresses strong likes or dislikes, particularly on modes or morals, and thus avoids arguments and offense.

4. To avoid appearing ridiculous, one never uses a word unless he is sure he can pronounce it properly and understands its meaning.

5. It is well to refrain from asking questions, especially personal questions, because everyone resents inquiries.

6. It is bad manners to whisper in company. Words that must be said should ordinarily never be spoken in a low voice.

DESSERT

A Lenten Dish
BY BERTHA E. SHAPLEIGH

What to have for dessert is one of the questions a housekeeper has to answer daily.

If the meal has been heavy, dessert should be light.

If fish has been served, fruit is acceptable. Never serve a custard or very soft, smooth dessert when the meat or fish has been boiled.

Prepared gelatin puddings are a great convenience. The lemon flavor is a good foundation for a snow pudding. Sage, tarragon, rice, cornmeal and farina are excellent puddings, combined with apples, canned fruit and the dried sweet fruits, like figs, prunes and dates. Fritters are favorites with most people, and in cold weather, griddle cakes and waffles.

The commonest complaint against pie and custard puddings is that they cause stomach difficulty, but too often the reason is that we eat them after a very sufficient meal.

HOUSEHOLD SUGGESTIONS

IT SAVES DISHWASHING

Clean all fish, fowls and vegetables

in a power and burn it. This saves dishwashing and scrubbing.

IN STEWING FRUIT

Remember you don't need to use so much sugar if you add a pinch of car-

bonate of soda when stewing fruit.

ADD SOME BLUING

Your cut glass will be clear and sparkling if you add a little bluing to the suds in which you wash it.

DON'T LET THEM SOAK

Never put ivory handled knives or

egg beaters to soak. Always wash and dry immediately after using.

SMART MILLINERY

Helmet shaped hats of rough straw or milan are closely trimmed with ribbon or feathers lightly wound about the brim, or with some long sweeping feather. The shape is kept very severe.

A piece of raw potato dipped in

boiling soda will be most effective in banishing tarnish from your silver.

BEGIN ON SALTS

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are absorbed into the blood. It is the function of the kidneys to filter this acid from the blood. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

Society

MR. AND MRS. LA CROSSE and

their daughter, Miss La Crosse, are entertaining all this week in honor of their house guest, Miss Ina Elna, of Spain, "Elu," as she is called by her more intimate acquaintances, arrived some time since for a protracted stay, and have been engaged in an extremely busy social round ever since her arrival.

At the party given by Mr. and Mrs. La Crosse, the tables were decorated with small bottles of medicine, sponges and fever thermometers, some of them being featured by a centerpiece consisting of a potted plant sent in by sympathetic friends, gracefully holding down a red hot water bottle. Miss La Crosse was charming in a red flannel shirt, caught with safety pins. She carried a bouquet of lady's kochis. Mrs. La Crosse was attired in a costume that struck a similar note, and Mr. La Crosse wore the conventional gray. The atmosphere was redolent of the spring-like odors of goose-grease and camphorated oil.

It is understood that a number of similar parties for the Spanish visitor are already under way, forming the high spot of all local social activities for some time to come.

MISS EDNA JANSKY was pleasantly surprised by a number of friends Thursday evening in honor of her birthday. A buffet luncheon was served at midnight. The evening was spent in singing and dancing.

MRS. JOHN REY, 1503 Charles street, entertained a number of friends in honor of her birthday on March 1. The rooms were prettily decorated in white and green. An elaborate four course supper was served at 6 o'clock. The evening was spent by playing five hundred cards, were won by the Misses Eva Morrison and Gustie Hackett. The consolation prizes by Mrs. Marie Manes and Mrs. Carl Rey. Those present were: Mesdames Herman Stuebe, Arthur Resander, Carl Rey, Carrie Reimer, Arthur Nelson, Edward Rey, Carl Reimer, Marie Manes and the Mesdames Eva Morrison and Gustie Hackett and Master Elden Rey.

THE YOUNG PEOPLE'S society of the Trinity Lutheran church will be entertained in the church parlors at Charles and 8th street on Wednesday evening, March 7, by the members of the choir. A cordial invitation is extended to all. A program is planned, including musical numbers by E. O. Forsyth, Mrs. D. W. Nichols, the High School Girls' quartet, the Girls' String quartet of Our Saviour's Lutheran church, and Gertrude Waltz, and readings by Miss Roberta Lammotte and Beatrice Schugart.

MISS GERTRUDE JANSKY and Mr. Raymond Jansky left Saturday night for St. Louis, where they will spend several weeks with relatives.

MR. AND MRS. C. Vondrashek left Tuesday noon for Chicago, where they were called on account of the death of Mr. Vondrashek's brother, John Vondrashek.

MRS. WALTER Jagodzinski and daughter, Margaret, who spent six weeks visiting relatives in Wisconsin Rapids, returned home Saturday.

MR. AND MRS. William Katz, 1228 La Crosse street, left Monday morning for Milwaukee, where Mr. Katz will attend to business matters. On their return they will visit friends and relatives in Chicago.

THE LADIES' society of the Trinity Lutheran church, corner Charles and 8th streets, will meet in the church parlors Wednesday afternoon. The hostesses will be the Mesdames Henry Johnson, Herman Hayden and Andrew Peterson.

THE BORGAS society of the First Presbyterian church will meet at Grace chapel Wednesday afternoon. The missionary box is to be opened and a short missionary program will be given.

MR. AND MRS. J. O. Pierson announced the birth of twin baby girls. Mrs. Pierson was formerly Miss Alice Longway of La Crosse.

Wide flounced advertising skirts are an unfamiliar sight as yet, but indications are that before the summer is over we will become used to them. The fashionable ruffle does not stand out in the old fashion, but maintains the straight silhouette.

TAKE OFF RUST
You can remove rust from needles if you will stick them into a piece of flannel which you have saturated in machine oil.

No Trouble to Keep
Skin Free From Hairs
(The Modern Beauty)
There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.

ENCIRCLES GLOBE IN EFFORT TO WIN ACTRESS FOR BRIDE

Nine-year Courtship of English- man to End With Wedding in New York Wednesday

NEW YORK.—A nine-year courtship, during which the man traveled more than 35,000 miles, will culminate here Wednesday when James Jolley, London civil engineer and actor, will marry Miss Jeanette Shaw, who stars in a Broadway play. Jolley was a passenger on the Cedric, arriving Tuesday from England.

Miss Shaw, daughter of Mrs. Amy Shaw, Australian prima donna, first met Jolley in 1914 in England. When she left for South Africa, Jolley gave up his job and followed her there. They met at Johannesburg and he got an engagement in her company. He proposed but without success. Later they went to India and again he proposed. This time the answer was "Yes," and the engagement was made. While the company was touring China and Japan, the war broke out and Jolley enlisted. He became a lieutenant. Then came a false report that he had been killed in action. They met again in London but Miss Shaw refused to marry him at once, saying she wanted to distinguish herself on the stage.

Just recently she decided that she had reached the point in her career where she could marry. When Jolley, who meanwhile had been made a stage manager of a London production, received the news, he called from Singapore that he would sail on the first boat.

OVER A YEAR IS GIVEN TO MAKE PLANS

Assigned from page one.

Under a financial burden too large, the person who is to be commensurate with possible benefits, although they would permit through their movements at the station.

"1. A location, north of State street and east of the Chicago, Burlington & Quincy tracks (Bradley plan No. 2) would probably be the best location, second choice and also that of a majority of La Crosse citizens.

"2. This plan would impose upon respondent railroads a financial burden very materially less than would either of the conveyance area and should be used. It would not, however, facilitate or change the manner of moving any of respondent's passenger trains in and out of La Crosse.

Use Burlington Tracks

"3. The Chicago, Milwaukee & St. Paul passenger trains should use the Chicago, Burlington & Quincy main track from some point just north of the La Crosse river southward to the Union depot. The Chicago & North Western passenger trains should use the Chicago, Burlington & Quincy main track from a point near Grand street southward about one mile to the Union depot, and the Green Bay & Western passenger trains should use the Chicago & Northwestern and Chicago, Burlington & Quincy tracks from Grand Crossing to the Union depot.

To Vacate Streets

"4. The city of La Crosse should vacate certain portions of its streets and alleys at the site of the Union depot for railroad use.

"5. A material part of the expenditures for the proposed Union depot will be a non-revenue producing investment so far as respondent railroads are concerned.

"6. It is therefore ordered that the respondent railroads construct a Union passenger depot in the city of La Crosse with the head house located on the west one-half of block eighteen, 118 1/2 at the intersection of State and Second streets, with its main entrance facing State street, and the station tracks north and west thereof.

"7. The respondent railroads shall advise this commission of their respective interests in the construction, maintenance and operation of this Union passenger depot and submit general plans therefore before June 20, 1924. Detail plans shall be submitted as the work progresses and also upon completion a statement of total costs incurred. The work shall be completed and put in service on or before June 20, 1926.

Duties of City

"8. As a condition precedent to the obligation of the respondent railroad under this order to complete purchase of lands or start actual construction of the Union depot, the city of La Crosse shall cause to be vacated, or order vacated, to be made at the proper time, of such streets and alleys as the general plan to be submitted by the respondent railroad shall show to be necessary, subject to the approval of this commission as to such areas.

"9. The city of La Crosse, Wisconsin, is assigned.

CHICAGO POLICE IN ORGANIZED DRIVE ON COMMERCIALIZED SIN

Three Thousand Policemen Assigned to Reform Campaign by Department's Chief

CHICAGO, Ill.—Stamping out commercialized vice under what was said to have been the most drastic police order ever drawn in Chicago may claim the entire attention of 3,000 of the city's available 4,575 policemen, Chief of Police Fitzgerald, chief of police, Monday night directed police captains to place uniformed patrolmen at the front and back doors of every known disorderly house in Chicago. Reform leaders asserted that more than 500 such places are operating in Chicago, each in a house or on each night four hours of duty would account for approximately three-fifths of the uniformed police personnel.

Chief Fitzgerald refused to comment on the order other than to say that "it speaks for itself."

It informed the police captains "that no excuses will be accepted for failure to comply with this order," and that if stationing the men reduced the effectiveness at any precinct station to an unworkable minimum, patrolmen would be transferred from other precincts not so hard hit.

The order came within four hours after Chief Justice McKelvey of the Criminal courts had indicated the March grand jury would be required to review the investigation into alleged conditions. The January and February grand juries failed to return indictments.

NEW FEDERAL DRY DIRECTOR AFTER THE HOME BREWER

MILWAUKEE, Wis.—The ghost of home brew prosecutions, which disappeared from Milwaukee more than a year ago, supposedly never to return, came back Tuesday to haunt leaders in malt and hops.

Charles M. Perry, federal prohibition director, announced, following a communication from Roy A. Haynes, federal prohibition commissioner, that he would attempt to prosecute persons who sold materials for making beer in the home.

Whether prosecutions will be started depends on the attitude of Edward W. Miller, United States district attorney. Mr. Miller said that he would confer with Mr. Miller in a few days regarding the legal phases of the proposed prosecutions.

COUNTY HOME RULE BILL IS KILLED BY ASSEMBLY COMMITTEE

MADISON, Wis.—The three bill granting home rule to counties was recommended, for indefinite postponement by the assembly committee on state affairs Monday, Assemblyman Frank Weber, Milwaukee, socialist dissenting.

No one appeared in opposition to the bill, but several committee members expressed the opinion that the bill as drawn was not comprehensive and would interfere with the office of county judge. The committee has asked the opinion on the bill from the attorney general.

County boards may have the power to declare half holidays on Saturday under a bill by Assemblyman C. M. Schuchman, Appleton, which was recommended for passage by the committee.

Assemblyman James T. Oliver's bill limiting salaries of state employees to \$5,000 annually was laid over until a later date.

A bill by Assemblyman James P. Anderson, Marinette, requiring all soft drinks and beverages sold in the state to be inspected by the dairy and food commissioner was recommended for indefinite postponement.

NEWSPAPER CAUSES MAN ALLEGED BIGAMIST, TO WED

ST. LOUIS, Mo.—Never before the newspapers, Ralph Shultz warned husbands in his cell at police headquarters, where he is held on a charge of bigamy.

"After separating from my first wife, I read in the papers that she had divorced me. Can you blame me for marrying again?" he asked.

He told police he had married his first wife more than 10 years ago and that he had two children, but supposed she was free to marry again when he read that his wife had divorced him.

Mrs. Shultz No. 1 claims she never divorced her husband and never did the warrant for his arrest.

The United States in 1921 reported to the United Kingdom goods to the value of \$1,226,377,917.

ARRANGE PLANS FOR ANNUAL MEETING OF WISCONSIN LAWYERS

JANESVILLE, Wis.—Plans were partially completed for the annual meeting of the Wisconsin State Bar association here June 26, 27 and 28, when the Rock County Bar association met at its annual banquet Monday night. Among the topics to be discussed are regulations of the sale of state securities, led by Dean Richards of the University, and a report on the reorganization of the courts.

Local committees were appointed to arrange a program of entertainment. At the banquet of the bar association Monday night Chief Justice J. Vinje, Associate Justice Burr W. Jones, Federal Judges of Wisconsin, C. Z. Lase, of Superior, and F. A. Geiger of Milwaukee, and many attorneys from neighboring cities were guests. S. H. Cady, of Milwaukee, delivered the annual address on railroads and their operation.

FARMER HELD FOR MOONSHINING GOES ON HUNGER STRIKE

MARINETTE, Wis.—John Birta, farmer charged by Sheriff Oscar Dahl with moonshining, lies in a weakened condition at the county jail here as a result of a hunger strike which has lasted for eight days. All efforts to feed the prisoner have been unavailing according to the sheriff, since he was placed in jail February 26.

The prisoner's wife declared that Birta is laboring under the impression that he will be released if he maintains his refusal to eat. She has had several instances where he was successful.

He will appear before Judge Davis in circuit court Tuesday.

INSANITY IS PLEA OF NEW YORK WOMAN ACCUSED OF MURDER

NEW YORK.—The case of Mrs. Paulette Schuler, charged with the murder of Oscar Martindale, broker, is expected to go to the jury Tuesday.

James A. Turley, her attorney was today for an address of two and a half hours. His chief plea will be that of temporary insanity brought on by Martindale's treatment of her. She testified he had deprived her of her husband and property, induced her to break her vows and then left her to shift for herself.

MAN SWALLOWS GOLD IN TEETH, ILL; SEEK SOLVENT

MILWAUKEE, Wis.—Inventive genius was strained to the limit when physicians sought to connect a solution to dissolve gold at Emergency hospital Saturday night. Immediate discovery of a gold solvent was made imperative as William Debeke, 49 years old, laborer, 615 Grand avenue, was critically ill from having swallowed gold filling of his teeth. It is feared the man will die unless a solvent is discovered.

MEXICAN BARS ENLARGED

MEXICO CITY.—Because of expected increase in tourist travel in this city the leading hotels are constructing large additions. The Hotel Regis will have two new rooms in several months besides other modern improvements. Also the bar is being enlarged.

ARMY OFFICER ACQUITTED

FORT SNELLING, Minn.—Walter Cannon, former captain and engineer officer at the army post here, charged with embezzling \$8,190 of the post funds, was found not guilty by a court martial Monday. It was announced Tuesday.

COURT UPHOLDS LAW EXEMPTING CHARITY SOCIETIES FROM TAX

MADISON, Wis.—The Wisconsin supreme court Tuesday upheld the statute exempting property of benevolent and charitable societies and institutions from taxation when it affirmed a decision of Judge James H. Brown county circuit court forbidding the city of Green Bay from taxing property of the Catholic Women's club of that city.

Justice Croswater wrote the opinion which sustained the law which includes within its provisions all societies organized and operating for a benevolent purpose and not for profit.

COURT UPHOLDS LAW EXEMPTING CHARITY SOCIETIES FROM TAX

The court determined that school boards could not authorize payment of public funds for transportation of children to private schools. It reversed a lower court decision holding School District No. 2 in the town of Geneva responsible for a contract which resulted in the transportation of children to a parochial school. The board was without authority to enter into such agreement, the court decided.

A new trial was called for in the case of the state against John Shiefel, of Grant county, serving a prison term for manslaughter growing out of the killing of Joseph State in 1921. There was insufficient evidence, in the original trial to justify conviction, the court held.

An application for a writ of habeas corpus of Ralph Knox, Douglas county serving three years for operating an automobile without the owner's consent, was denied.

EARL HEADS NATIONAL MOTORS

CHICAGO, Ill.—Clarence A. Earl, former president of Earl Motors and for five years associated with John N. Willys in direction of the Willys-Overland company, has been elected president and general manager of the National Motors corporation. It was announced Tuesday. Executive headquarters will be transferred from Chicago to Detroit as soon as acquisition of another large plant is completed. The announcement said, National Motors represents an merger of eight manufacturing plants of automobiles and automobile parts in seven states with a scheduled production of 55,500 cars and trucks this year.

COURT OF HONOR IS CALLED FOR WEDNESDAY NIGHT

Second Class Scouts to be Examined for Rank of First Class Scout

The three banquets given on February 10th, to the honor of La Crosse boyhood, the second class scouts, have begun to hear fruit.

Ed. L. Colman, vice-chairman of the first class court of honor, evening, at 7:30 at the Chamber of Commerce, for the purpose of examining second class scouts who are eligible for first class rank and it is surprising to note how the number of applicants for that court rank has increased.

Every Scout presenting himself before the court for examination as a first class scout must bring with him three letters of recommendation in regard to his conduct, one from his parent, pastor, and school teacher. None of these three parties should hesitate to withhold recommendation, for if scouting does not produce better citizenship at school, better attendance at church and a greater willingness to do home tasks at home, then that boy has missed the true fundamental of scouting, and should not be awarded the coveted rank of a first class scout, until he has lived that idea, so as to show results at the three places of his activity, home, school and the church.

Unfortunately, many parents and Scouts think to become a Scout is a boy must pass the required tests, but a boy who becomes a Scout does not automatically become trustworthy, loyal, obedient and reverent, but he must be trained in these qualifications and the only records of accomplishment obtainable are the three letters of recommendation from the parent, teacher, and spiritual adviser. Scouts should have their names registered at headquarters before five o'clock Wednesday, for appearance before the court of honor on Wednesday evening at seven thirty.

MADISON, Wis.—The Wisconsin supreme court Tuesday upheld the statute exempting property of benevolent and charitable societies and institutions from taxation when it affirmed a decision of Judge James H. Brown county circuit court forbidding the city of Green Bay from taxing property of the Catholic Women's club of that city.

Justice Croswater wrote the opinion which sustained the law which includes within its provisions all societies organized and operating for a benevolent purpose and not for profit.

The court determined that school boards could not authorize payment of public funds for transportation of children to private schools. It reversed a lower court decision holding School District No. 2 in the town of Geneva responsible for a contract which resulted in the transportation of children to a parochial school. The board was without authority to enter into such agreement, the court decided.

A new trial was called for in the case of the state against John Shiefel, of Grant county, serving a prison term for manslaughter growing out of the killing of Joseph State in 1921. There was insufficient evidence, in the original trial to justify conviction, the court held.

An application for a writ of habeas corpus of Ralph Knox, Douglas county serving three years for operating an automobile without the owner's consent, was denied.

EARL HEADS NATIONAL MOTORS

CHICAGO, Ill.—Clarence A. Earl, former president of Earl Motors and for five years associated with John N. Willys in direction of the Willys-Overland company, has been elected president and general manager of the National Motors corporation. It was announced Tuesday. Executive headquarters will be transferred from Chicago to Detroit as soon as acquisition of another large plant is completed. The announcement said, National Motors represents an merger of eight manufacturing plants of automobiles and automobile parts in seven states with a scheduled production of 55,500 cars and trucks this year.

APPROVE BAKERY BILL

MADISON, Wis.—The assembly Tuesday passed the Kilian bakery bill prohibiting night work in bakeries. Under this measure no one engaged in the manufacture of food products in bakeries may work later than 8 p. m. on earlier than 4 a. m. Dough mixers and oven firemen excepted.

REFUSES CITY'S DEMURRER UPON ELECTRIC RATES

Judge Belden Upholds Local Company in Applying New Electric Rates

The city of La Crosse has lost its effort to restrain the Wisconsin-Minnesota Light and Power company from applying new electric rates locally, by a decision sent to the city by Judge E. B. Belden of Racine. The decision sustains the company's answer to a demurrer filed by City Attorney Swennes when Judge Belden originally refused the restraining injunction.

The restraining order was refused January 11, after a hearing before Judge Belden.

The decision means that present electric rates will be continued, the city's action having been to force a return to old rates in effect prior to October, 1920.

STANTON FORD IS RECOVERED HERE

The Ford touring car of Roy Stanton, 911 Johnson street, stolen from the market square Saturday night about 9:15, was recovered by the police Monday evening. The machine was found abandoned on Mormon Center road.

KILL CIVIL SERVICE BILL

MADISON, Wis.—Reversing its action of last week, the assembly Tuesday voted indefinitely to postpone the Oliver bill providing for complete abolition of the state civil service. The vote for indefinite postponement was 63 to 25.

Assemblyman Herman Suchjen, Madison, led the fight against the bill, pointing out the necessity for a rigid civil service law in order to prevent a return to the "spoils system" in government. He emphasized that the original law as enacted in 1905 was a progressive measure, passed by progressives.

Nearly 2,000 state employees were affected by the measure, which passed by a big majority last Friday.

SEVEN ARRESTED IN CONNECTION WITH BIG JEWEL THEFT

Former Milwaukeeans Among Men Held for \$50,000 Robbery in Chicago

CHICAGO, Ill., March 5.—The government's case against Charles J. Hogue, former army captain and assistant district manager of airplane inspection here during the war, lasted less than a day. Hogue was charged with conspiracy to defraud the government through padded pay rolls and misuse of government funds.

Federal Judge James H. Wilkeson terminated it abruptly Monday afternoon and instructed the jurors to return a verdict of not guilty. He said he based his instructions on the opinion that Hogue was not mentally responsible while acting as assistant inspector as a result of injuries sustained while serving overseas with the Canadian army prior to the United States' entry into the war.

MRS. HUCK NOT TO CONTEST NOMINATION OF M. D. HULL

WASHINGTON, D. C., March 5.—The Associated Press.—Representative Winifred M. Huck will not contest the nomination of Morton D. Hull, her opponent in the recent republican congressional primary in the Second Illinois district, she announced. She declared, however, that a fight for "improved election conditions" would be taken directly to the people in a campaign of publicity.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any drugstore, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes the inflamed membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

VOLSTEAD GIVEN GOLD WATCH BY HIS COLLEAGUES

Meets With Members of House Judiciary Committee Monday for Last Time

WASHINGTON, D. C., March 5.—Andrew J. Volstead, retiring chairman of the house judiciary committee, Monday met with his colleagues for the last time around the table on which the prohibition enforcement act was drafted and received a gold watch as a token of esteem.

Representative Dyer, republican of Missouri, presided. He told Mr. Volstead that although the membership had not been unanimous "on all of the measures" turned out by the committee, there was no division in the opinion that he had proved to be an earnest and able member of the congress. Representative Donnell, democrat of South Carolina, thanked Mr. Volstead for his fairness as a presiding officer.

Accepting the gift, the author of the dry law, who was defeated for reelection, declared he had no personal ambition to return to congress. He said he was sorry the prohibition act had overshadowed so far as publicity

was concerned, other equally important work of the committee.

"There have been other measures for which we should receive equal credit—of blame," he said with a smile.

BIG FISH HAUL MADE DOWN RIVER NEAR FERRYVILLE

PRAIRIE DU CHIEN, Wis.—Koch Brothers made two fish hauls under the ice near Ferryville which resulted in a catch weighing 25,000 pounds, most of which was carp and buffalo. One of the hauls was made under the ice of the main channel of the Mississippi and the other in the Winneshiek slough. Many of the fish weighed as much as 25 pounds.

Winter fishing is exceedingly frigid and difficult work. After locating the huge schools of fish, which is a trick known only to expert fishermen, a series of holes from 10 to 12 feet apart are made around the school. Nets, in some cases 600 feet long, are pushed along with long poles and ropes from hole to hole. One big gusset, about 20 feet in diameter, is made in the center, through which the net is finally drawn by a score of husky men, or with a capstan and gasoline engine. The fish are hauled in wag-

ons across the ice and loaded into a refrigerator car and shipped to Philadelphia and New York, where they are in great demand in the Jewish quarters.

BABCOCK SPEAKS

ALEXANDRIA, Minn.—C. M. Babcock, Minnesota state highway commissioner, addressed several hundred who braved a storm to hear him in the armory. He urged that the legislature authorize his road bond issue plan. Discussion that followed his speech favored adoption of the Babcock plan of financing the roads.

FALLS SEVENTY FEET; UNHURT MARSHFIELD, Wis.—Victor Kaufmann narrowly escaped death in a seventy foot fall into the city's largest well. He was removed from the well by workmen and taken to a hospital, where it was found he was uninjured. The accident occurred when he was ascending from the well and his foot came in contact with an electric wire, causing him to lose his hold on the ladder.

Don't use the whip on tired nerves—it means trouble

When the day's work is hard, you can't make it easier with stimulants.

Ask any doctor for the facts.

You can't over-draw energy without paying.

Coffee contains the nerve-stimulating drug, caffeine. When coffee is used to overcome fatigue, it means whipping the tired nerves into a run.

You may seem to get added strength—but there's a settlement coming for an over-drawn account.

Take care!

Rest is the cure for fatigue. Health is the equipment for hard tasks.

Rest and health are interfered with when nerves are over-stimulated.

You've seen plenty of proof. How many people do you know who say, "I have to go slow on coffee; it keeps me awake nights?"

How is it in your own case? Have you counted restless night hours after the evening cup of coffee?

Treat your health sensibly that you may meet your task capably.

Don't try to draw strength from over-driven nerves. That way lies weakness. Don't increase over-work by using stimulants. You are merely postponing and increasing the penalties.

Be fair to yourself!

For a hot, comforting beverage, drink Postum and let nerves have their natural rest.

There's charm without harm in Postum—a delightful, satisfying cereal beverage; rich, seal-brown in color, delicious in flavor and aroma, and containing nothing that can irritate nerves or disturb health. Postum is safe and enjoyable for every member of the family.

Thousands who formerly used coffee or tea, and began to pay the penalties of nerve-stimulation, now use Postum and praise its comforting goodness.

The road to health is a good road for anybody to follow.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully 20 minutes.

"There's a Reason" for Postum

MOTHER! GIVE CALIFORNIA FIG SYRUP

Child's Best Laxative To Clean the System

"Happy Mother! A teaspoonful of 'California Fig Syrup' will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its 'fruity' taste, and mothers can rest easy because it never fails to work all the souring food and nasty bile right out of the stomach and bowels without griping or upsetting the child.

Tell your druggist you want only the genuine 'California Fig Syrup' which has directions for babies and children of all ages printed on bottle. Mother, you must say 'California.' Refuse any imitation.

Brace up your child with Eline's Milk Chocolate Bars

Is your child well-nourished? Don't be shocked. Malnutrition is a common occurrence even in well-to-do homes.

"To be well nourished a child must have every day some body-building material, or protein, to help form his muscles, his blood, liver, lungs, brain, and other living parts of the body."

U. S. Department Labor (Children's Bureau)

An undernourished child is not only backward mentally but he is nervous, irritable, and a fit subject for all manner of ills. Bring the Glow of Health to his cheeks.

Give him Eline's nourishing chocolate bars every day. Eline Bars are rich in cocoa butter, protein, carbohydrates, with an abundance of vitamins.

Eline's use nourishing whole-cream milk from cows that graze in the emerald green fields of Wisconsin and drink crystal-clear water from spring-fed lakes. Only this combination can produce the nourishing whole-cream milk you want your child to eat. There is no skimmed or powdered milk in Eline Bars.

Eline's Chocolate Bar is delicious. It is smooth. It melts in your mouth. It has no unpleasant after-taste.

"To the Advantage of Consumers and the Public"

A COURT in Wisconsin declared recently that "the marketing policies of the Standard Oil Company (Indiana) work to the advantage of consumers and the public."

The LaFollette investigating committee in Washington brought out facts which proved the same thing. The investigation of this Committee developed, we believe, just why the Standard Oil Company (Indiana) has been uniformly successful, and why it has within the comparatively few years of its existence contributed so materially to our national prosperity—more particularly the prosperity in the Middle West.

The Standard Oil Company (Indiana) attributes its success primarily to the fact that it earnestly desires to render the public a complete cycle of essential service, from oil well to refinery, to the consumer.

The Standard Oil Company (Indiana) is a large retailer of its own products. It maintains for this purpose a distribution system which for size, thoroughness, and efficiency is unequalled in the world. It maintains and expands its business solely on a basis of quality and service.

The Standard Oil Company (Indiana) has steadfastly maintained the policy of minimizing the spread between manufacturing costs and retail selling prices. This has meant, and means today a low price for gasoline and other petroleum products as compared with other essential commodities. A glance through any Department of Labor Bulletin featuring comparative prices for necessities will demonstrate this fact.

The Standard Oil Company (Indiana) is proud of its success. It believes that its methods are exceptionally efficient. It believes that in many instances they have been a valuable contribution to the country's economic progress. It believes that the Company's activities redound to the advantage of the consumer and the public.

LA CROSSE DISTRICT BASKETBALL MEET IS SET FOR THIS WEEK

Eight Surrounding High School Teams Come Here to Decide Best Team

GALESVILLE-REEDSBURG GAME BEST THURSDAY AFTERNOON

Keogan's Quintet Meets Kendall on First Day

The La Crosse Journal section tournament to be held at the Normal 22nd, Wednesday, Friday and Saturday of this week will be of much interest to the local basketball fans as well as to those in the towns of this vicinity. Eight teams have been invited to enter by Athletic Director Nohr. These teams have been invited according to their season's record and are coming here to do their best to reach the state tournament at Madison late March 14, 15, and 16.

Eight Teams Entered

The eight teams coming here for the La Crosse Journal section tournament to be held at the Normal 22nd, Wednesday, Friday and Saturday of this week will be of much interest to the local basketball fans as well as to those in the towns of this vicinity. Eight teams have been invited to enter by Athletic Director Nohr. These teams have been invited according to their season's record and are coming here to do their best to reach the state tournament at Madison late March 14, 15, and 16.

March 8, 9, and 10 are big days in Wisconsin as throughout the state, basketball tournaments will be in session. In La Crosse, 128 teams will compete in the district tournament which will go to Madison to decide the best team in the state.

Athletic Director Nohr has announced the schedule for the first day of the tournament. At 3:30 Thursday, Galesville City will play Westley. At 5:30 the same afternoon Galesville will play Reedsburg, which it is expected, will be one of the best teams in the tournament. Thursday night at 7:15 Holmen will lock horns with Madison and at 8:45 the same night Galesville will meet Kendall. The heavy taking in at the door will go to defray expenses of each team in the tournament.

Superior Protest Against Marinette For Failure To Play Will Be Made Shortly

EDGERTON, Wis. — Decision on Superior high school's protest of the failure of Marinette to keep its agreement to play Superior in football last fall will be announced positively this week, according to P. J. Holt, Edgerton, chairman of the Wisconsin interscholastic association.

"The decision has been held up because of the death of the daughter of Superintendent Paul F. Neverman of

Marinette and Mr. Neverman's own illness," said Mr. Holt Monday. "If Superior has any sense of humanity it will wait a bit."

Mr. Holt intimated the decision will be against Marinette.

The announcement by the state chairman was given out because press dispatches stated Superior might withdraw from the W. I. A. A. unless it received a decision soon.

HAIR STAYS COMBED, GLOSSY

"Hair-Groom" Keeps Hair Combed—Well-Groomed

Millions Use It—Fine for Hair! —Not Sticky, Greasy or Smelly

A few cents buys far of "Hair-Groom" at any drugstore, which makes even stubborn, unruly or shampooed hair stay combed all day in any style you like. "Hair-Groom" is a defatted combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Greasy, stiff "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains so soft and pliable and so natural that no one can possibly tell you used it.

LOOKS AS IF RYAN WILL BE COACH AT "U" OF WISCONSIN

Butler College Announces that Page Would Decline Offer by Badgers

MADISON, Wis.—The announcement from Butler college that Pat Page, basketball and football coach, would refuse the offer of Wisconsin to coach football, is reported here to practically assure the selection of Jack Ryan, assistant football coach at Dartmouth, as the successor of Coach John R. Richards. The Wisconsin Athletic council and board of regents meet Wednesday for the purpose of naming a coach at the Badger institution.

A recent announcement from the athletic department here advised that the choice of a football coach had narrowed down between Ryan and Page. The rejection of Wisconsin's offer by Page leaves Ryan as the expected selection.

BIG BASEBALL MEETING TO BE HELD AT LOGAN JUNIOR HIGH SCHOOL ON TUESDAY

Tonight's the night! Baseball fans from all over the city are expected to flock to Logan Junior high school on the north side Tuesday night to hear the fate of the Nelson ball club.

Will there be a second major club in La Crosse this year? About the most favorable demonstration fans can make at this time is to come out to the Progressive league meeting at the north side high school where business men will undertake to revive sufficient interest to put

a second ball club in the field in La Crosse.

John Mulder, John Haralson, Warren Smith and G. J. Curtis are behind the movement and personal invitations have been sent out to fans to attend and boost the proposition along.

The club, whatever name it takes, needs approximately \$2,500 at the outset in order to insure players somewhere near of what they are deserving in the way of remuneration.

What do you think about it? What are you willing to do? Tonight's the night!

WIMBLEDON WINNER NOT TO BE AWARDED WORLD'S NET TITLE

LONDON. — By the Associated Press.—The lawn tennis association at a general meeting Monday voted unanimously to abandon the practice of awarding the world's title to the winner of the Wimbledon tournament. It also voted to hand over to the international rules board their right to make and amend the laws of the game. These decisions are believed to remove the last obstacles to America's entry into the international federation.

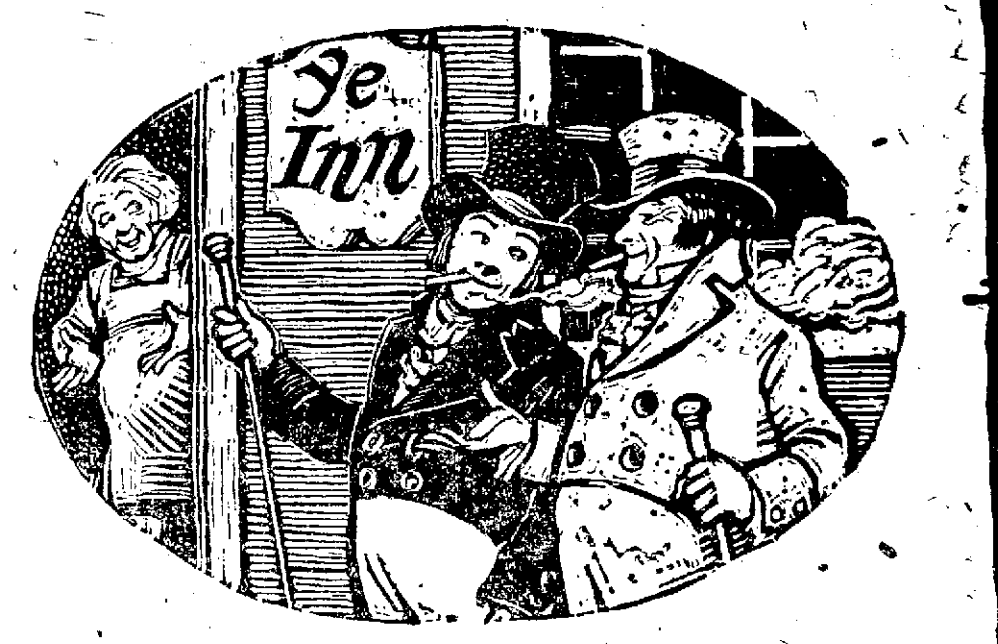

GOVERNOR VETOS BILL TO PROHIBIT PREMIER AUTO RACE

International 500-mile Auto Race to be Held on Memorial Day

INDIANAPOLIS, Ind.—The international 500-mile automobile race, the premier event of its kind in the world, will be held here Memorial day as usual, as the result of Governor McCray vetoing an unconstitutional bill passed by both houses of the Indiana legislature, which would prohibit the race. The action of the governor which came a few minutes before adjournment of the general assembly, ended one of the bitterest factional fights in that body in recent years. A last minute attempt to pass the bill over the governor's veto was made in the senate but this failed by a 31 to 15 vote, and the bill died.

CASINO TODAY
 "Jazzmania" is the title of the latest photoplay in which Robert Z. Leonard will present Mae Murray, and in it the popular star has more opportunities for histrionic and costume display than has yet fallen to her lot in the pictures she has made. The new Metro photoplay is at the Casino theater today.

Miss Murray's new picture is partly a costume play. The star is seen as the queen of a Balkan kingdom which is beset by enemies. A revolution is impending, and she flees to America. Her love of novelty makes her an ardent lover of jazz, and when a former subject advises her to return to her country to rescue the women and children who are being mistreated, she decides to go back. She rescues the kingdom and turns it into a republic, where jazz keeps Madame President and her subjects in good humor. Of course there is a love story involved—more than one, as a matter of fact.

STRAND TODAY
 The work of an unusual combination of artists is shown in "The Hidden Woman" at the Strand theater today. The truth of this statement is recognized when it is added that "The Hidden Woman" was directed by Allan Dwan and that in the principal female role appears Evelyn Nesbit, noted favorite of screen and stage.

The story tells of a girl who, inheriting a small sum of money, sets out to have what she believes a "good time." She submerges her own fine personality beneath an exterior of glorious living and irresponsible dissipation. Her fiancé, disgusted with her new life, takes her to task and tells her that he can never love her unless she allows the hidden woman in her to come to the surface.

"GRANDMA'S BOY"
 If there has been any doubt as to just where Harold Lloyd stands on the ladder of fame, it is dispelled with "Grandma's Boy." Yesterday's audiences at the Majestic theater were filled with sympathy, pathos and

thrills, the while they laughed as only those who have forgotten all personal troubles can abandon themselves to mirth.

"Grandma's Boy" is the perfect comedy. It contains a real story—a story with such a serious theme as cowardice, and the power of mind over matter. This serious undertone is probably why the comedy is so funny.

Lloyd is seen as a young man striv-

ing to be brave and failing at every turn, always in a humorous way, of course. Finally Grandma tells him of how his Grandfather overcame cowardice with a good luck charm. She gives the charm to the boy, who goes out and, with the confidence born of possessing the charm, licks his small world to a frazzle.

"JAVA HEAD"
 With a stellar cast seldom seen in a motion picture, "Java Head," a picturization of Joseph Hergesheimer's celebrated novel, will be given an unusually fine presentation at the Rivoli theater next Wednesday.

"Java Head" is a photoplay of exceptional heart interest and appeal. The scenes are laid in China and in old Salem town in the late forties.

CLOSE TRIMMING IS PROSPECT IN STORE FOR BUDGET APPEALS

Committee Members Ready to Wield the Axe on Appropriation Requests

POINT OUT NECESSITY FOR ECONOMY BY LOCAL UNITS

Real Reduction Must Come from Counties and Cities

MADISON Wis.—By The Associated Press.—The joint finance committee of the legislature is prepared to go into executive session this week to commence grinding out the grist of appropriation bills that will be sent to the floor for action. Committee members say that they are prepared to wield the axe to budget requests which total nearly \$30,000,000 annually.

At sessions during the past week the finance body turned to a discussion of policy regarding appropriations and is understood to have determined to trim departmental operating expenses down to bedrock while refusing to allow any capital expenditures which cannot be shown to be absolutely necessary.

Homer S. Hall, conservation commissioner indicated what is to be expected from the finance committee when he asked that the appropriation for his department be cut \$172,000 under what his predecessor requested.

It has been explained to the committee that it is necessary to cut the budget over \$500,000 to save one dollar in taxes for a person with \$5,000 invested in property. This fact is causing members to undertake cuts on a large scale in order to force down the cost of government.

They are prepared to attack expenses for the state and county fairs which now cost the state over \$500,000 annually in aid, and to make large slashes in the national guard appropriations in road expenses, and general governmental costs of government in Wisconsin. It is also emphasized that a real reduction in taxes, if it is to come, must be brought

about by local units in government. To wipe out the tax for all state purposes would reduce taxes to individual citizens less than \$10 on each \$100.

In their general discussions committee members are determining whether certain overlapping activities of departments cannot be consolidated and some of the unnecessary inspection work dispensed with. There is an unanimous opinion that expenses should be reduced to a minimum.

Budget requests of the university will be heard on February 14 and 15, and for the board of control some time later. This budget will not be taken up until the visiting committee has made its report. Cut in the university appropriation request for capital expenditures is looked for.

After the senate has disposed of the two bills calling for abolition of the national guard the finance committee will hear the request of the adjutant general for funds. Adjutant General Sullivan will suggest that the appropriation for his department be cut nearly \$150,000 under the \$600,000 request originally submitted.

LEATRICE JOY, FILM STAR, REWEDS JACK GILBERT

LOS ANGELES.—By the Associated Press.—Leatrice Joy, motion picture actress, and Jack Gilbert, also acting for the screen, were married for the second time here Sunday night. They were first married at Tia Juana, just across the Mexican border, in 1921, a few weeks after Gilbert had been granted an interlocutory divorce decree from his first wife.

FELLOWSHIP OF PRAYER

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of Churches.

TUESDAY The Incarnation of Love

"Whom do men say that I am?" Mark 8:27.

Read Mark 8:14-30.

"The life of Jesus is a truth that cannot be demonstrated to a man whose heart is not right towards God."

Meditation: Jesus did not tell his disciples at first his aim in life but allowed his life to show what manner of man he was. If we are like him we do not need to tell it. People know far more about our real nature than we sometimes think they do.

Hymn:

O Love that wilt not let me go,

I rest my weary soul in thee;

I give thee back the life I owe,

That in thine ocean depths its flow

May richer, fuller be.

Prayer: O God, by whom the

meek are guided in judgment, and

light riseth up in darkness for the

godly; grant us, in all our doubts

and uncertainties, the grace to ask

what thou wouldst have us to do;

that the spirit of wisdom may save

us from all false choices, and that in

thy light we may see light, and in thy straight path may not stumble; through Jesus Christ our Lord. Amen.

You'll Get Rid of Blackheads Sure

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The calomel powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.
